

1 November 2024

To whom it may concern,

I am writing to highly recommend Systeque for their exceptional services in conducting penetration tests for both Global Micro Solutions and our clients. We have had the pleasure of working with Systeque for a number of years and have consistently been impressed by their professionalism, expertise, and commitment to quality.

Systeque has provided thorough and reliable penetration testing that has significantly improved the security posture of our clients. Their team employs a range of methodologies and tools to simulate real-world attacks, identifying vulnerabilities and offering actionable insights for remediation. The detailed reports they provide are comprehensive and easy to understand, enabling our clients to take informed steps toward enhancing their cybersecurity.

One of the standout qualities of Systeque is their dedication to customer service. They are always responsive to our inquiries and willing to work collaboratively with our clients to tailor their services to specific needs. Their proactive approach and ability to communicate complex technical concepts in an accessible manner make them an invaluable partner in our efforts to protect our clients' environments.

In addition to their technical skills, Systeque adheres to the highest ethical standards, ensuring that all testing is conducted with integrity and professionalism. This commitment to ethical practices gives us and our clients confidence in the reliability of their services.

I wholeheartedly endorse Systeque for any organization seeking superior penetration testing services. Their expertise, reliability, and customer-centric approach make them an ideal partner for any organization looking to bolster their cybersecurity defences.

If you have any further questions or would like to discuss my experience with Systeque in more detail, please feel free to contact me.

Sincerely,

JJ Milner
Managing Director
Global Micro Solutions
