To whom it may concern,

This serves as confirmation that Systeque is our ICT Infrastructure provider for our national operation.

We have partnered with Systeque on various projects such as migration to the cloud, scalable telephony solution as well as the Cyber security for the company which is paramount as we are a Financial Services Company.

They have always been highly professional and extremely competent. We are happy with our business relationship will be continuing going forward as we continue to digitize our business.

If there are any queries, please feel free to contact me.
